We are an employee-owned cooperative. What does that mean?

We believe it will change the world.

The video above is about our consultants who helped us transition. They live the model and are doing amazing things right here in North Carolina.. We are too. Every time you support us you elevate the quality of life of our community in amazing ways. Thank you.

Please bring your own glass and help us become zero-waste

We have a goal to be a zero-waste business. You can help! Bring your own beverage glass when you visit. It is that simple.

We are a pack it in, pack it out facility and ask you take what you bring. Many thanks.

We are dog-friendly!

We welcome all well-behaved dogs. All must be on leash and are welcome in our outdoor beer garden. Please be prepared to carry out waste.

We love being a member of our community.

We cherish the precious moments we get to spend with our patrons, times enjoying music, time together and sharing potluck meals. We and most of our patrons have abundance and are doing well. We recognize that sometimes folks need a meal and/or company and we are happy to provide both. Stop by and see us.
